## **EXAMINER'S COMMENT**

#### AND

## STATEMENT OF REASONS FOR ALLOWANCE

1. A machine English translation of the Japanese reference cited on applicant's newly filed IDS of March 10, 2009 and an Interview Summary of the telephone interview of February 19, 2009 are attached to complete the record.

# Allowable Subject Matter

- 2. Claims 1 through 9 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

The art newly cited by Applicant JP 05-322060 neither teaches nor suggests the presence of a "camera housing", or a "screw shaped dehumidification regulation body". The electronic cooling element 6 taught therein does not meet the limitation "an electrode whose one end supplies a power source to the dehumidification element and the other end penetrates through the engaging portion" of the broadest claim 9. Similar limitations directed to "an electrode" are found in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
